STATEMENT OF PHILOSOPHY

Athletics and extracurricular activities can play an important part in the life of a student at Smithton C.C.S.D. #130. Young people learn a great deal from their participation in these programs. Lessons in leadership, sportsmanship, teamwork, competition, winning, and losing gracefully are an integral part of each program. They also add a sense of belonging; contribute to school spirit; and promote a sense of pride in the school. We believe that the opportunity for participation in a wide variety of activities is a vital part of the student's educational experiences. Such participation is a privilege that carries with it responsibilities to the school, to the activity, to the community and to the student. These experiences contribute to the development of learning skills and emotional patterns that enable the student to make maximum use of his or her education.

Smithton C.C.S.D. #130 athletics and extracurricular activities are considered a supplement to the school's program of education, which strives to provide experiences that will help to develop physical, mental, social and emotional skills in our boys and girls.

PROGRAM GOALS

Smithton C.C.S.D. #130 has the following goals for its interscholastic athletic and extra-curricular programs:

1. Emphasize the cultural values, appreciations and skills involved in competition and promote cooperation and friendships through the medium of competitive events.
2. Regulate the quality, quantity, and character of competitive experiences to contribute positively to the overall aims and objectives of education.
3. Safeguard the academic environment of students by economizing the time spent in competition by both student and coach/advisor.
4. Promote the commitment to responsible education through fulfilling, enriching, and self-disciplining experiences.
5. Strive always for playing excellence, encompassing sportsmanship and mental health of the student.
6. Provide opportunity for a student to experience success in an activity he/she selects.
7. Create a desire to succeed and excel.

PROGRAM GUIDELINES

All students who wish to participate in the Smithton extra-curricular activities, including athletics, intramurals, chess, Scholar Bowl, clubs, and organizations are subject to the following requirements.

ELIGIBILITY - ACADEMIC

Athletics, Intramurals, Chess and Scholar Bowl

A season is defined as the first date of tryouts/sign-up to the last contest. In order to be eligible to try out (if applicable) or participate on a team, a student must have a grade equivalent to a C minus (74% or better) in all classes. Eligibility will be verified every Friday at approximately 10:00 a.m. (if school is not in attendance on a Friday, it will be checked the day that school resumes the following week). To be in good standing and remain eligible throughout the season, a student must be passing with a grade equivalent to a C minus (74% or better) in all classes for **each** given week. The first time a student posts a 73% or lower in **any** class, he/she will be deemed ineligible for one week. The student participant and his/her parents/legal guardians will be notified about the ineligibility. During ineligibility, the student may not participate or attend any practices or games/competitions during that week. The second time a student is deemed ineligible, he/she will be removed from the team. Ineligibility will begin on Monday through Sunday the week following the Friday verification. The SIJHSAA bylaws prohibit students who are repeating a year's work, or any portion of a year's work, from participating in SIJHSAA sports during that time frame.

ELIGIBILITY – AGE AND GRADE LEVEL

Athletics, Intramurals, Chess and Scholar Bowl

Students must be enrolled in Grade 6, 7 or 8 for the school year in which they plan to participate. Should there be an insufficient number of students to constitute a team, the head coach or advisor, in consultation with the athletic director and school administration, may extend participation to students in 5th grade so long as the result does not disqualify or prevent any interested 6th through 8th grade students from participation. Per Cahokia Conference bylaws, a student is ineligible to participate in baseball, softball, cross country, cheerleading, basketball, girls' volleyball, chess, scholar bowl or track if they turn 15 years of age prior to August 15. Per the SIJHSAA bylaws, a student is ineligible to participate in baseball, softball, cross country, basketball, girls' volleyball, bowling, or track if they turn 15 years of age during the specific sport's season. Coaches and parents should contact the Athletic Director for questions related to age eligibility.

Clubs and Organizations

Students must be enrolled in Grade 6, 7 or 8 for the school year in which they plan to participate.

ELIGIBILITY – PARTICIPANT SELECTION

Athletics and Intramurals

Tryouts will be held for each sport. After tryouts are completed, the coaches may or may not make cuts. When cuts are necessitated due to team size and management constraints, the coaches' decision will be based on a fair and unprejudiced judgment of the student's athletic abilities, regardless of grade level, in that particular sport or activity.

Chess, Scholar Bowl, Clubs and Organizations

Not applicable with the exception of Student Council. The Smithton Student Council will be comprised of 18 members—six students elected from each grade level annually. Interested students will be provided with electioneering guidelines at the beginning of the school year. Following a grade-level wide election, members will be announced and will serve for the full school year to which they were elected. In the event a student resigns their membership from the Council, a new election will be held to name a replacement for the remainder of the year.

ACCIDENTS AND INJURIES

Athletics, Intramurals, Chess and Scholar Bowl

All accidents or injuries (home or away) should be reported to the coach/advisor immediately. The coach/advisor will then inform the parents/guardians, Athletic Director and the school administration. Parents are responsible for carrying medical insurance on their child.

Clubs and Organizations

All accidents or injuries should be reported to the advisor immediately. The advisor will then inform the parents/guardians and the school administration.

ATTENDANCE

Athletics, Intramurals, Chess, Scholar Bowl, Clubs and Organizations

Students who wish to participate in athletic and extracurricular activities must be in attendance at school. **Students must be in attendance at school by 11:30 a.m. to participate. Students may not leave school and then expect to participate the same day unless they have a pre-arranged doctor's appointment.** Approved field trips or school activities constitute attending school. If a student has a doctor's appointment, a note from the physician needs to accompany the student back to school in order to be able to participate that day in the athletic or extra-curricular activity. Pre-approval for funerals or other extenuating circumstances must be

received from the Principal in order to be able to participate. Students with chronic unexcused absences will be subject to dismissal from a team, club or organization.

AWARDS

All participants must complete the season in “good standing” to qualify for any awards.

CHAIN OF COMMAND

The District utilizes the following chain of command for questions, issues, concerns or problems related to athletics, clubs, and organizations:

Step 1 – Contact with Sponsor/Coach – Parents/Guardians should first attempt to obtain information and/or resolution directly from the coach or organizational sponsor.

Step 2 - Athletic Director (Athletics, Chess, and Scholar Bowl) – If the information is not forthcoming or a problem is not successfully resolved at the sponsor/coach level, the parent/guardian should contact the Athletic Director.

Step 3 - Principal (Step 2 for clubs and organizations) – If the concern continues unresolved, the parent/guardian should contact the building principal.

Step 4 - Superintendent – If the concern is not resolved at the building principal level, the parent/guardian should contact the District superintendent.

Step 5 - Board of Education – If the concern is not resolved at the superintendent level, the parent/guardian may appear before the Board of Education at a scheduled meeting to address the Board.

CONFLICTS BETWEEN ACTIVITIES

From time to time there may be conflicts between activities. The Smithton School District encourages students to explore all areas of interest from athletics to fine arts as well as leadership organizations. It is the district’s expectation that coaches and sponsors will work together to ensure no student is denied an opportunity to participate in an activity in which they have interest. These conversations will be held as early as possible when potential conflicts are known. Athletic contests (actual games, meets, etc.) and performance events (published play dates, concerts, etc.) will take precedence over practices, general meetings, etc. Should a parent/guardian become aware of a conflict that has not been resolved, he/she should bring it to the attention of the athletic director and/or school principal as soon as possible. The school administration reserves the right to resolve issues when needed.

EQUIPMENT

Athletics, Intramurals, Chess and Scholar Bowl

Participants will care for all equipment as though it was their own personal property. If equipment is damaged or destroyed through practice or games, the school will replace it. If equipment is lost, stolen or damaged outside of practice or games, the student will

fulfill his/her responsibility by paying for replacement of the item. Equipment may not be worn during the school day, at home, or on the streets without approval of the administration.

Clubs and Organizations

Participants will care for all club or organization equipment as though it was their own personal property. If a club or organization member damages, destroys, loses, or steals school property, the student will fulfill his/her responsibility by paying for replacement of the item.

FEES

Fees are charged for participation in order to cover program costs. The following fee schedule details the cost of participation. Fees are non-refundable and are not due until the student has been officially named to the team following tryouts (if applicable) or has been accepted as a member of a club or organization. Athletic participants are not allowed to try out for any sport/activity or until all past-due amounts for school equipment, uniforms, and athletic fees have been paid. Likewise, students may not be named members of a club or organization if they have unpaid school obligations.

APPENDIX A

PARENT/GUARDIAN INFORMATION FOR ATHLETICS, INTRAMURALS, CHESS & SCHOLAR BOWL PARTICIPANTS

The Smithton Booster Club is an organization of parents/guardians who dedicate themselves to assisting the school district in providing financial and volunteer support for the athletic and extracurricular activities. Parents/guardians are encouraged to participate in this organization to insure the continuation of these programs at Smithton. Meetings are held monthly in the school's cafeteria and are announced on the school's online calendar. Information about the Booster Club can also be found online through the district's website: <http://www.smithton.stclair.k12.il.us/booster-club.html>

Concessions

The Smithton Booster Club organizes the sale of concessions at home events. The money generated by the sale of concessions helps cover the cost of the athletic and extra-curricular programs for the school. It is expected that each parent/guardian of a participating student will donate time to assist with concession sales at some point during the year. The Booster Club will communicate and coordinate the scheduling of volunteers for this purpose.

Decorum

Good sportsmanship must always be displayed at all events. Intimidation or harassment of umpires, coaches, or players will **NOT** be tolerated by managers, coaches, players, parents, and/or supporters of any team. Event and school officials have the right to eject spectators from school events for unacceptable behavior and may contact law enforcement, if needed. All ejections are reported to the Athletic Director and principal. Any fan that is ejected for unsportsmanlike conduct will be required by SIJHSAA bylaws (Article VIII) to sit out of the next two contests.

Parent-Coach and Parent-Advisor Relationships

Both parenting and coaching/advising are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefits to children. As parents, when your children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach/advisor of your child's program.

Communication you should expect from your child's coach/advisor:

1. Philosophy of the coach/advisor.
2. Expectations the coach/advisor has for your child as well as all participants on the team.
3. Locations and times of all practices and games.
4. Team requirements (i.e., fees, special equipment, off-season conditioning, etc.)
5. Procedure should your child be injured during participation.
6. Discipline that will result in the denial of your child's participation.

Communication the coach/advisor should expect from parents:

1. Concerns expressed directly to the coach/advisor.
2. Notification of any schedule conflicts well in advance.
3. Specific concerns with regard to philosophy and/or expectations of the coach/advisor.

As your children become involved in the athletic and extra-curricular programs in our district, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. At these times, discussion with the coach/advisor is encouraged.

Appropriate concerns to discuss with coaches/advisors:

1. The mental and/or physical treatment of your child.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

As professionals, coaches/advisors work to improve each student's skill. In addition, they must evaluate and make judgment decisions, based on what they believe is best for the students and the team, regarding playing time, strategy, and plays. These decisions are left to the discretion of the coach/advisor.

Parent Meeting

Before a student will be allowed to participate on a team, a parent/guardian must attend the mandatory parent meeting for the sport.

Set-up/Clean-up

The success of our programs depends on the assistance of parents/guardians. We need your assistance to get ready for events. Please ask the coaches/advisors what they need and take it upon yourself to assist with clean up after an event.

APPENDIX C

CONCUSSION INFORMATION SHEET

(Required for athletics, intramurals, chess, and Scholar Bowl)

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

<ul style="list-style-type: none">• Headaches• “Pressure in head”• Nausea or vomiting• Neck pain• Balance problems or dizziness• Blurred, double, or fuzzy vision• Sensitivity to light or noise• Feeling sluggish or slowed down• Feeling foggy or groggy• Drowsiness• Change in sleep patterns	<ul style="list-style-type: none">• Amnesia• “Don’t feel right”• Fatigue or low energy• Sadness• Nervousness or anxiety• Irritability• More emotional• Confusion• Concentration or memory problems (forgetting game plays)• Repeating the same question/comment
--	--

Signs observed by teammates, parents and coaches include:

<ul style="list-style-type: none">• Appears dazed• Vacant facial expression• Confused about assignment• Forgets plays• Is unsure of game, score, or opponent• Moves clumsily or displays incoordination• Answers questions slowly• Slurred speech• Shows behavior or personality changes• Can’t recall events prior to hit• Can’t recall events after hit• Seizures or convulsions• Any change in typical behavior or personality• Loses consciousness

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key to student-athlete's safety.

Concussion training

All Smithton coaches (head and assistant coaches whether an employee of a school or volunteer) are required to successfully complete a concussion certification course as required by the Youth Sports Concussion Safety Act (SB 7). Coaches must take an approved course every two years to maintain compliance with the legislation. Smithton Board of Education Policy 7:305 details the district's program to manage concussions and head injuries suffered by students. You can access the district's Board Policy manual at <http://www.smithton.stclair.k12.il.us/board-policy-manual.html>.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. IHSA Policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches prior to returning to play or practice following a concussion or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy.

You should also inform your child's coach if you think that your child may have a concussion. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out. For current and up-to-date information on concussions you can go to:
